

Ginew/Golden Eagle Program Application

The Ginew/Golden Eagle Program is a year-round after-school program at the Minneapolis American Indian Center that provides culturally-specific curriculum designed to enhance the resiliency of American Indian youth aged 5-18.

Our participants are eligible for transportation to and from the program if they live or attend school within the program's transportation boundaries (i.e. South Minneapolis). Furthermore, participants' friends who may not identify as American Indian are welcome to participate in our culturally-focused program.

The Ginew/Golden Eagle Program application requires participant, parent/guardian and emergency contact information.
